Twin Rail

Twin Rail

Stronger than handrail, more affordable than guardrail. This modular twin-rail system is built for pedestrian control in light-duty applications.

The Twin Rail provides a reliable, cost-effective solution for guiding foot traffic and creating defined boundaries in warehouses, mezzanines, and work platforms. Designed for quick installation and OSHA compliant fall protection, it combines strength, visibility, and versatility in one streamlined system.

Key Features:

- 11-gauge high-
